

Minnetonka Police Department Annual Statistics - 2010

Crime is categorized by level of seriousness and by the elements of the criminal action. The lowest level of crimes are misdemeanors, the next serious are gross misdemeanors, and the most serious crimes are felonies. The Uniform Crime Reporting (UCR) process is organized and managed by the U.S. Department of Justice, Federal Bureau of Investigation. It was established to collect similar crime information from all communities throughout the United States to monitor local, regional and national crime trends. The seven most serious felonies are the crimes of murder, rape, robbery, burglary, theft, arson, and vehicle theft. The FBI calls these crime categories "Part 1" crimes. All other less serious crimes are categorized as "Part 2" crimes. The totals for the Part 1 and Part 2 crimes in Minnetonka are listed below.

In addition to Part 1 and Part 2 UCR crimes, there are summaries for citations and calls for service. Minnetonka hosts its own Public Safety Answering Point (PSAP) providing 9-1-1 dispatch services for police, fire and medical emergencies 24 hours a day, seven days a week. There are four categories for calls: Service are mainly ordinance related and the provision of general police services such as vacation house checks, crime prevention and community policing. Criminal calls are response to the Part 1 and Part 2 crimes. Emergency calls are accidents, alarms, and medical related incidents. Traffic calls include DUI enforcement, speed trailer requests, traffic details and police initiated traffic stops.

Family offenses of curfew and runaway incidents are included in the citations portion of this report.
