CITY CODE INFORMATION

City Code 300.30, Subd. 14 (c)(1) and (2) allows an enhanced dynamic display if it complies with all of the following:

- 1) A person may obtain a permit for an enhanced dynamic display on one face of an outdoor advertising sign if the following requirements are met:
 - (a) The applicant agrees in writing to permanently remove, within 15 days after issuance of the permit, at least two other faces of an outdoor advertising sign in the city that are owned or leased by the applicant, each of which must satisfy the criteria of parts (b) through (d) of this subsection. This removal must include the complete removal of the structure and foundation supporting each sign face. The applicant must agree that the city may remove the sign if the applicant does not timely do so, and the application must be accompanied by a cash deposit or letter of credit acceptable to the city attorney sufficient to pay the city's costs for that removal. The applicant must also agree that it is removing the sign voluntarily and that it has no right to compensation for the removed sign under any law.
 - (b) The city has not previously issued an enhanced dynamic display permit based on the removal of the particular faces relied upon in this permit application.
 - (c) Each removed sign has a copy and graphic area of at least 288 square feet and satisfies two or more of the following additional criteria:
 - (1) The removed sign is located adjacent to a highway with more than two regular lanes and with a general speed limit of 45 miles per hour or greater, but that does not have restrictions on access equivalent to those of an interstate highway;
 - (2) All or a substantial portion of the structure for the removed sign was constructed before 1975 and has not been substantially improved;
 - (3) The removed sign is located in a noncommercial zoning district;
 - (4) The removed sign is located in a special planning area designated in the 1999 comprehensive plan; or
 - (5) The removed copy and graphic area is equal to or greater than the area of the copy and graphic area for which the enhanced dynamic display permit is sought.
 - (d) If the removed sign face is one for which a state permit is required by state law, the applicant must surrender its permit to the state upon removal of the sign. The sign that is the subject of the enhanced dynamic display permit cannot begin to operate until proof is provided to the city that the state permit has been surrendered.
 - (e) The applicant must agree in writing that no dynamic displays will ever be used on one additional outdoor advertising sign that has a copy and graphic area of at least 288 square feet in size. This agreement will be binding on the applicant and all future owners of the sign. If the sign is subsequently removed or destroyed and not replaced, the holder of the enhanced dynamic display permit is not required to substitute a different sign for the one that no longer exists.
- 2) If the applicant complies with the permit requirements noted above, the city will issue an enhanced dynamic display permit for the designated outdoor advertising sign. This permit will allow a dynamic display to occupy 100 percent of the potential copy and graphic area and to change no more frequently than once every eight seconds. The designated sign must meet all other requirements of this ordinance.
