### **CITY CLERK'S NOTE**

**To:** File of City Council Meeting for June 1, 2009

**From:** David Maeda, City Clerk

**Date:** June 8, 2009

**Subject:** Clerical error

There was a typographical error in the staff report for item 9C(3) in the agenda materials for the city council meeting of June 1, 2009. At the beginning of the staff report, the recommendation correctly noted that the contract was to be awarded to Dalco; however, the recommendation at the end of the report stated that the contract should be awarded to "Dalbec" and not "Dalco." The council specifically voted to award all three contracts under item 9C to Dalco and that is reflected accurately in the minutes.
